## About Peter Hannan

Peter Hannan, founder and owner of Hannan Meats, was born into a farming family and grew up on a beef and sheep farm in Co. Kildare, Ireland. He began slaughtering and selling his own meat at the tender age of 11. By the time he had turned 14, he was already becoming an experienced meat farmer, and at the age of 22 he was running abattoirs in America.

Established in 1991, Hannan Meats sources, produces and supplies a range of meat products. They are still serving their first five clients, as well as some of the finest restaurants, hotels and retailers in the UK and Ireland.
