

A scenic view of a coastline with waves crashing against a cliff under a bright sky. The ocean is a deep blue, and the waves are white with foam. The cliff is a dark, silty color. The sky is a pale, hazy blue.

A wide-angle photograph of a coastline. In the foreground, several waves are breaking, creating white foam. The water transitions from a light blue near the shore to a deeper blue further out. In the background, a dark, silhouetted cliff rises from the water's edge. The sky is a pale, hazy blue, suggesting a bright, sunny day. The overall mood is serene and majestic.
